SPRING RETURN CABLE REEL

Robust compact reels ideal for powering mobile appliances.

Designed to be fitted as an integral unit for mobile equipment where a power source is available. Manufactured from sturdy thermoplastic, the reel is electrically insulated & corrosion resistant.

When the power connection is no longer required, a short pull on the ball-stop and the cable neatly rewinds.

A spring-return cable reel means a safe & organized workplace.

Features:

- Load capacities up to 16A.
- From 3m to 8m cable reach.
- Adjustable ball stop allowing cable retraction length adjustment.
- Available with or without retraction ratchet.
- High quality brass slip rings.
- Fused terminal block.
- IP20 protection
- Operating temp: 5°C to 60°C

- **Part numbers & specifications:**

Part Number	Cable	Load Wound	Load Unwound	Weight Kg
EFT130A3KK3075	3m 3x0.75mm ²	2A	5A	0.8
EFT160A4KK310	4m 3x1.0mm ²	5A	8A	1.0
EFT160A5KK3075	5m 3x0.75mm ²	2A	5A	1.08
EFT265A0308	8m 3x1.5mm ²	6A	10A	2.9
EFT265A0505	5m 5x1.5mm ²	6A	10A	3.1

- **All models can be supplied without retraction ratchets**
